A Gerstner Tool Case Will Do It

Some Christmas presents are just luxuries. Others you may get are more like necessities, but they don't get you anywhere.

But get yourself a Gerstner Tool Case for Christmas and you have more than just a nice present. You have something that will be useful to you for fifteen or more years. You have something that you will be proud to call your own. And you have something that will make you a better mechanic, and something that will make your foreman KNOW you are a better mechanic.

The mechanic who keeps his tools in a Gerstner Case just naturally takes better care of them. He just naturally takes more pride in his work. And because of that, his foreman soon gets on to the fact that here is a man who is better than the average, and you will be treated accordingly. What we mean is just this—it has been proven time and time again that the mechanic who is interested enough in his work to buy a Gerstner Case is the mechanic who makes the most money year in and year out.

That's why we say that here is a Christmas present that will make this the most profitable Christmas of your life. One that will start you on the road to more money—help you to all the good things that more money will bring you.

Gerstner Built-In Quality

Here are eight reasons why mechanics and toolmakers all over the country swear by Gerstner Tool Cases.

All wood is first quality, thoroughly kiln-dried. All frames are corner-locked, glued and nailed.

The covering is imitation black seal grain leather. It is water-proof, color-fast, and easy to clean, with no raw edges.

The trimmings are heavily nickeled and beautifully polished. Handles are reinforced with a steel core and will carry any weight.

The drawers won't bind. They pull in and out on hardwood slides. They are corner-locked and lined with billiard cloth felt.

Lids and doors won't warp. Lids are self-hinging and lock automatically. Both lids and doors are paneled.

Small drawers have metal bottoms. Large drawers have bottoms of three-ply birch.

The hardwood drawer slides are mortised and glued into the frames, the same as the partitions are. All drawers are shellac finished throughout.

Drawer fronts are solid Quartered Oak, or genuine Mahogany, with hand-rubbed finish. Locks are nickeled and have flat steel keys, all numbered and with many changes.

Don't Send a Penny Unless You Want To

This is our Christmas offer to you. First, we will ship your Gerstner Case with all transportation charges paid by us. Second, you can choose between three methods of payment. You don't need to send a penny with your order. We will ship your case C. O. D. and you pay the expressman only HALF the price, sending us the balance by February 1, 1926. Or you can send us half the price with your order and pay the balance on February first, 1926. Or you can send us the full price with your order.

But remember—however you pay, we pay all transportation charges. If you have your case sent C. O. D., or if you send in half with your order, you have until February 1, 1926 to pay the balance.

This offer is fair, square and above board. It is a special offer, to enable you to get yourself a real Christmas present with a small cash outlay. And remember, don't send a penny unless you want to.
